Y55

DJ-READY HEADPHONES WITH ENRICHED BASS, SNUG FIT AND IN-LINE REMOTE/MIC

Rock the house with AKG.

AKG never moves forward without improving on what it already does so well – and by having a complete grasp of the relevant marketplace. As a result, the new AKG Y55 closed-back headphones address the needs of the on-the-go lifestyle – and the music-lover who wants a leg-up on their game. These premium headphones offer quality sound and adhere to a DJ-specific list of essential, show-ready features. From its long-lasting, comfortable fit to its closed-back design, the Y55s are all about enhancing the sound through reinforcing bass response while removing unwanted external interference. Extremely versatile, their universal, inline remote/mic on a detachable cable and plug adaptor add on-the-job functionality. From their fold-flat design for safe and easy transport to their complementary style with the availability in 4 cool colors, these are the headphones to take you to the next level of listening. Portable. Durable. Loud and proud. Accurate, lightweight and flexible. AKG understands – because we listen. Why would you expect anything less from AKG?

HIGHLIGHTS

- ▶ AKG signature sound with enhanced bass performance
- ▶ Rotating ear-cups and closed-back design
- ▶ Universal remote/mic for complete hands-free accessibility
- ▶ Detachable cable and plug adaptor
- ▶ 3D-Axis folding mechanism for easy transport and storage
- ▶ 4 cool colors and finishes

FEATURES AT A GLANCE

- ▶ **AKG signature sound with enhanced bass performance**
Nobody knows sound quality and overall accuracy in sound reproduction like AKG and the demands of the job calls for concentrated listening across a wide frequency with enhanced bass response – this is the focus of the Y55 design.
- ▶ **Built to DJ specs and optimized for the on-the-go lifestyle: a secure fit with rotating ear-cups and a closed-back design prevents sound bleed and ambient noise disturbance**
Focus on your sound – not on the sound around you – with the snug-fitting Y55's closed-back design, cancelling ambient sound from both directions while providing you with a comfortable fit.
- ▶ **Extremely versatile thanks to its universal remote/mic for complete hands-free accessibility, plus detachable cable and plug adaptor**
Mobility is key when you're moving fast and into your show. An inline universal remote control with mic provides access to phone calls without interrupting what you're doing. Remove its cable and access a plug adaptor for full convenience and added versatility. Compatible with most smartphones.
- ▶ **3D-Axis folding mechanism for easy transport and storage**
Wear and tear on your gear is something to avoid so the Y55 folds down to a flat, easy-to-store and transport package, keeping it damage-free over the long haul.
- ▶ **4 cool colors and tasteful styling in a rugged, dependable headphone**
It's not everybody who can DJ – but those who can want to look the part while they're playing. AKG has created a rugged design in 4 stylish colors to keep you cool under pressure.

WHAT'S INCLUDED

- ▶ 1 pair of AKG Y55 headphones with detachable, in-line, universal, remote/mic cable
